I was watching the House of The Devil & after the movie was over I heard this funny ass prank call, Angry Black Guy (and friends) call a 7 mile OG & this lady calls the prankster the devil. This happened within seconds after I finished watching the movie. I watched some of the prank call earlier & switched to watching the movie when it finished down loading. I just picked off where I left & that total mindfuck happened. What are the odds.

Speaking of the House of The ~~Devil~~ dead (cool game man) I mean Devil. When Jocelin's fine ass is in the hospital. And the nurse touches her head & says Poor thing, that was so touching. I wonder IF that happened to me while I was out. It would be so awesome IF it did.

SURRENDER

Apparently Iveth is Hispanic, I had a feeling. Is there even any White people left in Westmoreland, I went there without crutches this time. It felt weird to walk again. I told Iveth I had a present for her. Iveth said "Really an ice pack." Dr Johnson said IF I was ready to start physical therapy, I told him "I appreciate that but I might not need it." Iveth said "are you sure?" Dr Johnson said "since I was a healthy young man my recovery was speedier then usually, Iveth said "I can't believe Youre walking already

I told Iveth IF she could she me her face. I finally saw what she looked like, she could pass for White but I heard her talking Spanish & that gave her away, She wears braces. Wow she was fucking cute as hell, IF I was digging Iveth before I was really digging Iveth now.

I got a voicemail from Angela, I saved the voice mail, voice Mail deletes voice messages after 30 day's, I think I'm going to listen to it once a week to keep that from happening. Also I like the sound of her voice. Angela said best of luck to you & I hope you got home safely, I just melted.

W/ in Second's of getting home I touched myself while thinking about Iveth. Normally when I blow my load that love juice just drip's into the toilet. This time it shot straight into the toilet seat. Not only that the amount that came out was unbelievable, It looked like I was pissing milk. I haven't climaxed like that since I 1rst started self rape.

I had another appointment at Concentra, Iveth checked my vitals, Iveth said, "How you feeling?" I told Iveth "I can't run & wear sandals", Iveth said something I'll never forget.

18 year old virgin

"You'll never know until you try". Sam Goodbye Thorn Hill

I told Iveth "would I lose my foot IF I got hurt again", Iveth said I should hope not, Did you work today?" I said "Yeah I did it was like going back to the scene of the crime. I Thanx for taking care of me. Iveth said "You're welcome", I then said "Where do I sit?" Iveth said "Wherever you feel comfortable."

The last time I was there I left Without out saying see ya so this time when I got my Paper Work (I can't believe the front desk chick Pronounced my name right) I just stood there. I stood there so long that front desk lady says "Where you going?" You got a question?" I said "I need to talk to Iveth, Boss Boss said "She's W/ a patient we can get another nurse, I said "I want her to do it IF You don't mind. She said "What you need?" I told her "I just want to say bye, I don't know Why I said that I'll never admit Shit like that.

TOPGUN

I wasn't going to leave Without saying goodbye, It was good to see Iveth again,

A minute or 2 later Iveth shows up. I tell Iveth are you busy?" Iveth said "yes I'm W/ a patient, I told Iveth "Iveth can you show me what you look like again? This time Iveth said "no". I said "Please", Iveth said "No Mr Garcia I'm W/ a patient, I said "It will only only take 5 seconds, Iveth said "No Mr Garcia", I get a kick anytime a girl says my name, It was like that scene in Sugar and Spice, except I wasn't telling Iveth to say my name. I told Iveth "Why Iveth Why?" Iveth said "I can't Mr Garcia, I was like that scene in P2 When Angela keep's saying Tom's name over & over again. I know What

She was trying to do, she was trying to humanize me because she thought I was going to hurt her.

She was saying my name so many times that it made me start to do it to. It's making me do it right now, Iveth Iveth Iveth.
ME: Don't do this to me Iveth Hey Arnold Big Gino
Iveth: No I can't sorry,
ME; Iveth I just don't want to ~~forget~~ forget you
Iveth; No Mr. Garcia
Me; Last chance to show me Iveth. Breaking Bad Face off
Iveth; No Mr Garcia. Put your mask back on. Bye

Before I Put My mask on I said "See ya", Iveth said "See ya",

Their was anxiety & frustration in her voice. W/ a dash of a fear. There was a time when an audience would have made me back down, one time I was flirting w/ this girl at whataburger, I didn't know I was being watched the whole time. Lucky for me this was after I was finished talking. Another time I said fuck this shit when I was flowing w/ this girl & this chick came over, Fuck it let'em watch. They might be impressed or they could just enjoy the show.

The only person watching ~~[illegible]~~ (technically listening since her view was obscured) was the boss lady. I wonder what was going through Iveth's boss mind when all this shit went down?

At least I didn't get butthurt or intimidated by the people watching. I ~~am~~ can't believe next week I'm not going to have to go to Westmoreland. Something I've been doing for 2½ month's, IF I hated wearing mask before I really hate it now.

Sometime's I think I'm the only sane guy. And when I do meet someone who think's covid is a hoax it's a fucking relief.

is a heart that work's

One of the reason's I have a thing for Iveth is because she was my nurse everytime I went, Iveth didn't always check the vitals but she always dropped by to say hey how's it going, I wonder what would have happened IF I got a different nurse each time. That's why I hate wearing the fucking mask. It's dehumanizing as hell.

I love thee

Another reason I have a thing for Iveth that I forgot to mention. After getting admitted to Parkland the 2nd time. Iveth actually called me. IF I was digging Iveth before I was reallll digging her now. & Iveth told me "how you doing?" I feel like crap, I just got out of surgery w/ no telling when I'm going to get out of here or when I'm going to walk again. Iveth said "I'm so sorry that happened to you, Hang in there, Bye Iveth Bye Mauricio.

Lord of War

Even in hell an angel Sometime's makes an appearence.

I'm impressed by the way Iveth maintained eye contact the whole time We were talking, She didn't look away once. Even though Iveth didn't show me her face. I got a kick out of the whole experience. That was so awesome it made me feel so alive, Like the 1rst time I rode the Texas giant.

When I 1st met Iveth she was larger than life. Look at You,

Iveth is very professional. She used her p's & q's & kept calling me Mr. Garcia. Dude I'm not that old & I'm not married. I'll never look at nurses the same way again. My fireman is about to fall off from the amount of times I've jacked off to Iveth. I didn't know You can get stretch marks on your dick.

When I think about Iveth
I get as horny as a chinchilla.

This is going to sound weird but IF I was digging Iveth before I was really digging Iveth now. Even when she's turning me down she's as gentle as a lamb. She could have said

Bride of Chucky

I'm not into short guys

or

Pain Jabbersaw

I will never date You cause You smell like bait

Me & Iveth could have parted on a good note

And then I go and spoil it all
By saying Somethin' stupid
Like, "I love You"

This is meant to be read w/ memories by Harold Faltermeyer from playing in the background. Man those Germans they know a thing or 2 about music. I'm listening ~~to~~ to it right now as I'm writing this

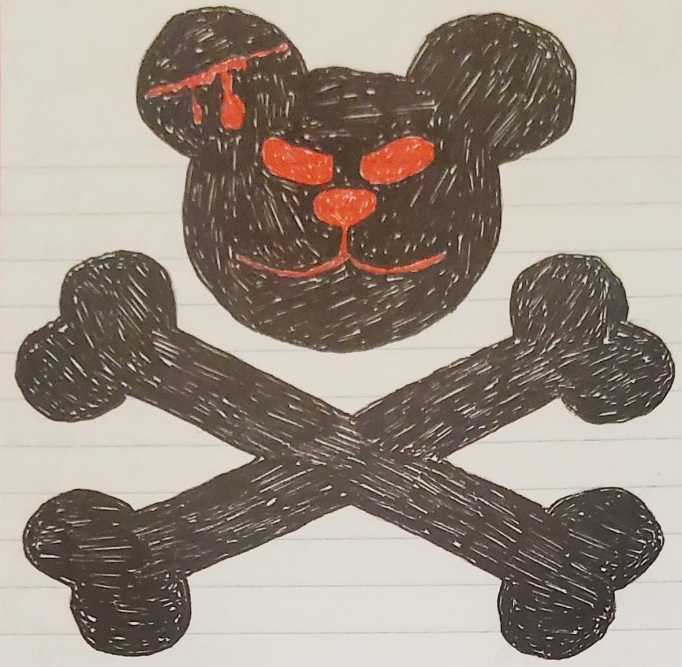
What do you want me to do? What do you want me to do? I'll prove it. I'll do anything. Anything in the whole wide world. I'll do anything.

~~I'm~~ I'm not saying that next shit. There's no girl alive not even Iveth that'll make me say some stupid shit like that, I can't believe there's losers that would actually do that just to get some ass. Holy shit I got off track.

I don't need Billy, I won't ever want him again I won't ever ask for him. I'll eat anything you give me. Just open up once Please. Just, Just open up once. Just open up once. And I love you. I love you. I love you Iveth. I don't know if anyone else has ever told you that but I mean it, I really do. I know We can love each other. Iveth. I can hear you. I know you can hear me. It's hard to ~~treat~~ breath. Please. Please help. What do you want me to say? You're my



master You're the queen. And you are it's true, Everything I'm saying is true. You got to believe me, I trust you. You can trust me to. Just open it, Please. Just open it, Iveth I don't want this to happen, You don't want me to die. You'll be left all alone. IF you let me live I'll follow you forever and ever, Iveth. Answer me, I'm so sorry. I'm so sorry, Please, I love you. I love you Iveth. Your light brown ~~#~~ eye's, Your ~~blo~~ blonde hair I just love you. Who else is going to love you like I do. No one, No one will love you as... as... No one will love You as much as me. No one will care for You as much as me.

The 1rst time I saw Megan IS Missing I was browsing Netflix. It was on the featured page. I already knew it was going to be a horror movie, It looked like a sequel to Paranormal Activity except it had a red filter. After a week of seeing it featured all the time I finally gave in. The 1rst half of the movie was decent. Nothing Special. How ever as soon as Photo #1 came on. I was like

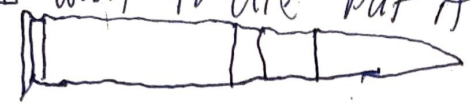
Cancers Bad Fur Day

What the fuck?!

Shit just got super fucking serious, Photo ~~number~~ #2 come's on & holy shit it's as serious as a heart attack. The last 22 minute's was just oh my God their's people that couldn't finish the movie, I remember uploading the rape scene one time. In 1 week I got like 100 views, That was ~~imp~~ impressive for me. And I got like 3 dislikes, At 1rst I thought it was because the quality was bad, No it's because the video was disturbing as hell. After

The Wedding Singer

I Want to die Put A bullet in my head



it hit like 300 views I got flagged into next week & it got taken down. But I digress.

I'll never be able to listen to Hawthrone Height's without thinking of Iveth.
